

# ON-THE-JOB TRAINING (OJT) FOR LAID OFF WORKERS

SC Works Greenville

## BRINGING EMPLOYERS AND JOB SEEKERS TOGETHER

Did you know that SC Works Greenville has an On-the-Job Training (OJT) program to help laid off workers improve their chance of getting a new job?

OJT is an “earn as you learn” Workforce Investment Act (WIA) training program designed to help you gain employment for which you are not yet fully qualified.

WIA will reimburse employers between 50% and 90% of your gross wages if they hire you as a trainee.

OJT is limited in duration based on the training needs of the participant and requirements of the job.

To QUALIFY for the OJT program, you must be *dependable*, have a *great attitude* and have been *laid off at no fault of your own* from your last job as of January 1, 2008 or after and have been unemployed for at least 15 weeks.

### GETTING STARTED:

Come to an OJT Program Information Session

*Tuesdays at 9*

during the month of May 2012 at

*SC Works McAlister Square, Suite E-1*
